STATISTICAL MODELS IN BEHAVIORAL RESEARCH (PAPERBACK)

Taylor Francis Inc, United States, 1991. Paperback. Condition: New. Language: English . Brand New Book. This book presents in compact form a framework based in probability theory and the general linear model family for students and researchers using regression and analysis of variance methods. Special emphasis is placed on problems of properly using statistical computer programs. The relation between regression and analysis of variance is developed by means of the theory of linear contrasts for the benefit of students and...
