Engine 24 Fire Stories 2 (Paperback)

By Joe Corso

Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Every firefighter has a treasure trove of interesting stories to tell and the stories more often than not are instructional as well as exciting. When I was a firefighter, I kept notes of the fires I responded to. Now that I am retired, I have reflected on my career as a firefighter and have written a second book about the men alongside whom I worked, facing dangerous situations daily. This book is a compilation of eight short FIRE stories written between 1963 and 1972, from notes I wrote after returning from fires. The first story explores the emotions felt when reporting for duty for the first time. The same emotions felt by all firefighters throughout the world on their first day on the job. An inexplicable bond forms between men and women who face danger on a daily basis and who have been tested - and have passed the test. From the combat soldier, to the policeman and the firefighter - a bond of love and trust has formed that will last a lifetime.
