How Immigrants Impact Their Homelands

By Susan Eva Eckstein, Adil Najam

Duke University Press. Paperback. Book Condition: new. BRAND NEW, How Immigrants Impact Their Homelands, Susan Eva Eckstein, Adil Najam, How Immigrants Impact Their Homelands examines the range of economic, social, and cultural impacts immigrants have had, both knowingly and unknowingly, in their home countries. The book opens with overviews of the ways migrants become agents of homeland development. The essays that follow focus on the varied impacts immigrants have had in China, India, Cuba, Mexico, the Philippines, Mozambique, and Turkey. One contributor examines the role Indians who worked in Silicon Valley played in shaping the structure, successes, and continued evolution of India's IT industry. Another traces how Salvadoran immigrants extend U.S. gangs and their brutal violence to El Salvador and neighboring countries. The tragic situation in Mozambique of economically desperate emigres who travel to South Africa to work, contract HIV while there, and infect their wives upon their return is the subject of another essay. Taken together, the essays show the multiple ways countries are affected by immigration. Understanding these effects will provide a foundation for future policy reforms in ways that will strengthen the positive and minimize the negative effects of the current mobile world.

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
