

Arithmetic by Grades, Vol. 1 (Classic Reprint) (Hardback)

By William A Campbell

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Arithmetic by Grades, Vol. 1 This book, the first in a new series of practical arithmetics, is designed to impart to the pupils a mastery of the fundamental processes in manipulating integers, familiarity with a few rudimentary fractions, and a facility in simple calculation. It is hoped that the method, and particularly the manner, of presentation will not only guide but also interest the pupils in the ordinary applications of whole numbers and simple fractions to everyday problems. The authors have never lost sight of the fact that a thorough grounding in the fundamental operations is the key to future success in arithmetical computation, and that proficiency in the use of tables and factors must be gained through drill. Accordingly the work in problems in the earlier books of the series has been subordinated to drill practice. It is hoped that sufficient and varied drill work has been provided so that abstract calculation may become almost automatic, and the pupil may acquire that accuracy and rapidity which are necessary if the thought work of the later years...
