This book will make you happier! If you want a happier, healthier and more successful life, better relationship, understanding the relevant processes in the brain, using intuition in management and also in daily life and better decision making, this is the book for you! Being happy is a choice! Is being diagnosed with an advanced stage cancer a death sentence?! The book interleaves understandings about happiness, brain, mind and how to live a better and happier life with a personal story of a diversified career, interrupted by an advanced stage cancer, the battle, deep meditations, and discovering the answers. It contains many short stories and original illustrations exemplifying the understandings and making the reading more fun. It is also a very practical book. Many people who read this book found it enjoyable, motivational and the practical tips very useful. A few citations from the reviews, will describe the best the uniqueness and value of this book: I am so glad that I was able to read this one. The mind is such a powerful thing. The short stories keep you wanting to read more. Reading the author s own personal story put a lot in perspective for me. It has given me different ways of thinking and I am sure I will be using this information for a long time to come. I was inspired by his words. He has a unique way of writing and you feel like being in the middle of a conversation and not reading a book. That is a good thing. This is an excellent self-help book, very uplifting and reminds you to take a little of everyday to enjoy life....
