

## Kim Jong Il and North Korea: The Leader and the System

Filesize: 9.08 MB

### ***Reviews***

*Thorough information! Its such a good study. Sure, it is perform, still an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.*  
(Evie Emmerich)

## KIM JONG IL AND NORTH KOREA: THE LEADER AND THE SYSTEM

Strategic Studies Institute, U.S. Army War College. Paperback. Condition: New. 58 pages. Dimensions: 8.8in. x 5.8in. x 0.2in. Kim Jong Il and North Korea The Leader and the System The Pyongyang regime is mysterious and puzzling. In the first decade of the 21st century, few national security challenges facing the United States are as vexing as that posed by North Korea. North Korea is both a paradox and an enigma. It is a paradox because on the one hand, by some measures it appears to be a very powerful state possessing the world's fourth largest armed forces, a sizeable arsenal of ballistic missiles, and a worrying nuclear program but on the other hand, it is an economic basket case in terms of agricultural output, industrial production, and foreign trade exports. North Korea is also an enigma because virtually every aspect of the Pyongyang regime is mysterious and puzzling. In short, North Korea is difficult for Americans to understand and analyze. This difficulty begins with confusion about what kind of political system North Korea has and what kind of man leads it. In this monograph, Andrew Scobell explores Pyongyang's political dynamics and seeks to shed light on the political system of North Korea and its leader. This monograph is the second in a series titled Demystifying North Korea published by the Strategic Studies Institute. Forthcoming monographs will examine the military, economic dimensions, and future scenarios for North Korea. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
