ROLE OF SCIENCE CENTRES FOR SUSTAINED AND RESPONSIBLE GROWTH IN DEVELOPING COUNTRIES

Daya, 2013. Hardcover. Book Condition: New. Dust Jacket Condition: New. 1st Edition. Science Centres are the important institutions which not only enhance scientific literacy and awareness among the citizens but also are of vital significance to the developing nations. Since development requires a well-trained work force, high-quality education must be put in place early in development. In this context, Science Centres along with interactive Science Museums around the globe can contribute by promoting the local institutions engaged in scientific activities...

Reviews

I actually started off looking over this publication. It is written in easy terms instead of difficult to understand. You are going to like the way the writer wrote this ebook.

An extremely wonderful pdf with perfect and lucid information. Better than never, though I am quite late in starting reading this one. I realized this publication from my dad and I recommended this publication to understand.
